ROBINSON TO START DASH FOR LA CROSSE AT 4 O'CLOCK TODAY

WORLD'S RECORD GOES IN DISCARD IN FIRST FLIGHT

Records for Time in Distance Flying Broken by the Aviator Tuesday

EIGHTY-ONE MILES AN HOUR

This Is New Time Set in First Lap of Run from Minneapolis to New Orleans

DUE HERE ABOUT 4:30 P. M.

Birdman Announces He Will Cover Distance from Winona in Less Than Thirty Minutes

Hugh Robinson, flying between Minneapolis and New Orleans, yesterday broke the world's speed record for distance flying, according to official figures, covering the first 110 miles of the journey from Minneapolis in eighty-nine minutes. This is an average of eighty-one miles an hour. The previous world's record of seventy-six miles an hour was established in an especially constructed speed aeroplane while the record made by Robinson was accomplished in an ordinary Curtiss bi-plane equipped with a pontoon.

Hugh Robinson, aviator, who is attempting to fly from Minneapolis to New Orleans for a side purse of \$20,000 and incidentally to break a few records for time in distance flying, will leave Winona in a dash for La Crosse at 4 o'clock this afternoon.

This is the positive information given out by his manager A. H. Young there this morning and when the start from Winona is made fire-bells will be rung and whistles blown here to notify people that he has started.

Robinson this morning promised, weather conditions permitting, to make the journey from Winona to La Crosse in less than thirty minutes. The river distance is 28.7 miles and according to Robinson's expectations he will make better than mile a minute between the two cities.

All day today mechanics worked on the machine, which was damaged when he was forced to descend upon the water near Whitman yesterday, and at noon it was pronounced in good working order. Robinson is expected to give an exhibition at Winona before his start for La Crosse and will whirl off for here immediately after performing for the crowds there.

At the levee here the spot for his landing was selected by a committee yesterday and a Tribune representative planted a white flag to mark the place for the aviator's descent.

He will be met at the levee by a committee composed of John Salzer, Miss May Williams, W. F. Hurlgen and Otto W. Muenster, circulation manager of the Tribune, and will be taken at once in an auto to the Stoddard where he will spend the night.

C. E. Schaefer of the La Crosse Floral company has prepared a beautiful bouquet of choice flowers which will be presented to the aviator by Miss Williams.

When Robinson prepares to leave Winona this afternoon The Tribune will be notified. Upon request of Mayor John Dengler The Tribune will notify the fire department and every firebell in La Crosse will ring. This will also be the signal for blowing the whistles at the various manufacturing plants.

Yesterday afternoon Superintendent L. P. Benetz ordered the local schools dismissed ten minutes before 4 o'clock to permit the children to see the aviator.

Weather conditions at Winona at 3:30 this afternoon were perfect for the start, scheduled to take place at 4 o'clock.

With a mild wind at his back the aviator had no doubts but that the trip would be made without a mishap.

ACCIDENT DELAYS ROBINSON'S TRIP

Gasoline Supply Gave Out Yesterday and Machine Goes Over Hidden Wing Dam

FAILED TO SEE RED WING

Aviator Going Fast and High Passes Over Upper River City Where He Was to Exhibit

After encountering winds over Lake Pepin that momentarily threatened to whirl his machine to the water, Hugh Robinson, aviator who is flying from Minneapolis to New Orleans, was forced to descend at Chimney Rock and was towed to Winona. Robinson's own story of the accident that prevented his reaching La Crosse yesterday is as follows:

"About 11 o'clock I ran out of gasoline and was forced to descend at Chimney Rock, about thirteen miles above Winona. I alighted. I struck the water unusually hard, causing the frail pontoon to leak. The landing place there was miserable and caught by a bad current myself and machine were whirled over a hidden wing dam in the Mississippi. The pontoon hit the rocks, hidden by the water, and in bounding over the obstruction slight damage was done to the biplane and to the engine.

"I immediately sent word to Winona and fast launches arrived. It was impossible to repair the machine there and I was towed to Whitman, to which place I had drifted, reaching Winona at 4 o'clock."

Missed Red Wing
Dangerous air currents encountered out of St. Paul forced Robinson to go to a great altitude and so high and fast was he flying that he went past the city of Red Wing without noticing it.

"The currents were very dangerous—the worst I have ever encountered in ten years of flying," insisted Robinson today. "At one time my machine was caught and whirled downward in an air eddy. I prepared to leap into the lake with my life preserver but managed to right the planes and continue."

Hundreds of La Crosse people were disappointed by Robinson's failure to reach here yesterday and despite the fact that the fire bells and whistles, which are to signal his approach here, were not blown, many thronged the levee all afternoon waiting for the arrival of the aviator.

Robinson came flying straight down the river from Minneapolis, having started from that place at 9:12. At 10:35 he had reached Wabasha and it was just a little before 11 o'clock that his gasoline supply gave out near Chimney Rock.

WILL PETITION CONGRESS.

CHICAGO, Oct. 18.—Preparation of a monster petition urging upon congress the enactment of legislation providing women's suffrage, was started here today by national headquarters of the socialist party. Representative Victor L. Berger of Wisconsin, the socialist congressman, will submit the signatures.

BROTHERS KILLED IN DUEL

CHARLESTON, W. Va., Oct. 18.—Elias Hatfield, 40, Troy Hatfield, 36, brothers, and Octavo Gerone were killed in a duel in Harewood, near Montgomery, last night. The Hatfields were the sons of "Devil" Anse Hatfield, recently converted to religion. Authorities today declare that no further trouble is anticipated from friends of the dead men.

ENGINEER IS KILLED.

WINNIPEG, Man., Oct. 18.—Z. C. Boucher, an engineer, was killed, and Frank Wavra, a fireman, and J. A. Baxter, a brakeman, were badly injured when a mixed train on the Great Northern, bound for Portage La Prairie, Man., from Neche, N. D., plowed into a herd of cattle about fifteen miles south of Portage last night.

RAFT GOES DOWN RIVER.

The steamer Ottumwa Belle passed through the bridge down the river at noon today, pushing a big log raft. The Pathfinder served as bow-boat. The logs were collected at Stillwater, and are bound for a point farther down the river, south of Dubuque.

ARMY CAPTAIN SUICIDES.

LEAVENWORTH, Kas., Oct. 18.—Captain W. B. Carr, of the Sixth field artillery, shot and killed himself here early today. No cause is assigned for his suicide.

GAME IS CALLED OFF TODAY

Giants and Athletics Anxious to Get Rest Allowed by the Rain

PHILADELPHIA, Pa., Oct. 18.—Rain prevented the playing today of the fourth game between the New York Giants and the Philadelphia Athletics for the world's championship.

The postponed game will be played tomorrow in Philadelphia, weather permitting. In any event, it will be played in the Quaker city the first clear day.

Giant players and fans are elated over the calling off of today's contest, as the delay will put Rube Marquard in much better shape to face the Athletics and will give Mathewson an extra day of rest, so that he can take his turn in the box again on Friday strong enough to go the full route.

Nor has Connie Mack's team manifested undue anxiety over the postponement. Bender and Plank will get more rest, and either of them will be able to do slab duty tomorrow, for it is more than likely that Manager Mack will select either the Indian or Plank for mound work in the next battle.

The victorious Athletics are the heroes of the hour in the city of Brotherly Love. There is some talk of presenting the city hall to Frank Baker, and if a popular vote was taken, the great third sacker might be awarded the massive pile.

Iron Man Combs, too, is the popular idol. This has not been Combs' good year but he struck his stride in Gotham yesterday, and today he is a rival with Baker for the public's esteem.

The Giant team, which arrived last night, spent the day quietly in their rooms in the Hotel Majestic. The New Yorkers are not popular in Philadelphia, as was evidenced by the reception that greeted them last night. Fred Snodgrass' action in diving feet first into Baker yesterday has won for him the whole-hearted enmity of every Quaker fan. Yells of "Spiker!" "Dirty ball player!" mingled with hisses, caused him to turn pale, and then red with anger. His fellow players gathered quickly about him, as if expecting an attack, and hurried him through the crowd to a taxicab, in which he drove to the hotel.

Despite the Athletics' lead, the Giants are still hopeful.

CHINESE REBELS BEATEN IN FIGHT

Imperial Troops Force Revolutionary Forces to Retire After Bloody Battle

DEAD ARE LEFT ON THE FIELD

Trains of Wounded Carried for by Foreigners at Hankow; Great Bravery Is Shown

HANKOW, China, Oct. 18.—The first real battle of the Chinese rebellion has ended in a victory for the imperial troops, who, in a decisive engagement north of here today, held their entrenchments against a vastly superior force of the rebels, inflicting heavy losses.

The rebel forces, after several hours of sanguinary conflict, were forced to retire, the soldiers having no ammunition with which to continue.

The imperial brigade of 3,000 men was attacked by 10,000 well armed rebels and the battle raged for several hours. The rebels retreated toward Wu Chang.

The battle opened at dawn. The losses on both sides were heavy, both rebels and imperial forces fighting with splendid valor. Several times the rebel forces swept across the open country and tried to take the imperial positions at the point of a bayonet. Each time they were repulsed, leaving their dead and wounded on the field.

The imperial forces, too, lost heavily and long trains of wounded are being brought into Hankow, where they are being cared for by a volunteer Red Cross organization, made up of foreign residents.

The clash between a body of German marines and the mob which occurred here yesterday has had a very bad effect. It is difficult to ascertain exactly what caused the trouble, but several Chinese were killed by the fire of the marines, and there is grave danger that the natives will attempt reprisals.

FIVE DROWN IN FLOOD

CLEVELAND, Ohio, Oct. 18.—Five drownings were reported from eastern Ohio today as a result of the swollen condition of streams following heavy rains. At Steubenville, Mrs. John Mezeum, her sister-in-law and the latter's daughter, Mary, ten, were drowned when their buggy overturned in Short Creek. At Bridgeport, Mrs. Louis Vincent and a six-year-old boy lost their lives in the same way.

NEW YORK, Oct. 18.—Norman E. Mack, chairman of the national democratic campaign committee, was elected chairman of the state democratic committee at its meeting at the Hotel Knickerbocker today, succeeding Winfield Chatfield.

M'NAMARA JURORS ENJOY LIME LIGHT

Veniremen Hope to Win Place in Most Sensational Criminal Trial of Century

UNION QUESTION IS RAISED

All Are Closely Questioned Regarding Their Prejudices Toward Union Labor

LOS ANGELES, Cal., Oct. 18.—Despite the fact that six veniremen have already been passed by the defense in the McNamara case for cause it was made absolutely certain by today's developments that only one, John W. Roberts, has a possible chance of remaining through the trial. His fate is still undecided as far as the state is concerned, but he probably will be challenged because he boldly told Darrow that, after experience with the operation of a non-union glass factory and after personal investigation in Muncie and other Indiana cities, he was convinced the best men in trade are within the union ranks.

The state will endeavor to remove Robert Bain, A. R. McIntosh, T. W. Adams and George McKee, the remaining veniremen, for cause when given an opportunity to examine them. Failing, it will challenge them peremptorily.

Adams reads socialist newspapers and told Attorney Darrow, when asked if he was opinionated against unions, that workmen had the right to organize all over the world or they would be discriminated against.

McIntosh is a former member of the bakers' union and now a proprietor. The state will try to remove him for cause.

Bain also is a carpenter, and former union man. He is reported to have expressed the opinion that it was impossible that it was a dynamite explosion which destroyed the Times.

It is already apparent that a number of those remaining on the present venire desire to remain on the jury because they are men who at this season of the year, have little to do and they also realize that this probably will prove the most sensational criminal trial of the century. They like to bask in the limelight all the participants are certain to obtain.

INDIANAPOLIS, Ind., Oct. 18.—Permission to inspect and photograph books, papers and records belonging to the International Association of Bridge and Structural Iron Workers at use in the trials of James B. and John J. MILWAUKEE, Wis., Oct. 18.—The startling turn given the Stephenson investigation yesterday by Lieutenant Governor Thomas Morris in which he said he had been informed a fund of \$100,000 was raised by Edward Hines to bring about Stephenson's election by the legislature may result in extending the period of the investigation. Several subpoenas have been issued for various men named by Morris and it is expected their testimony will occupy some time. Lieutenant Governor Morris was still on the stand this morning under cross examination by Attorney Littlefield of Stephenson's counsel. It was expected he would be followed by Senator Paul Huston, who said also attended the Chicago meeting at which Wirt B. Cook of Duluth told of the raising of the Hines fund. Great interest is being taken in the whereabouts of Robert J. Shields, said to have been the go-between in both the Lorimer and Stephenson cases. He has been three times called as a witness in the present Stephenson inquiry but has so far failed to appear.

Chairman Heyburn this morning directed Attorney Littlefield to cease his cross examination of Thomas Morris in the Stephenson investigation committee and temporarily excused Mr. Morris. Littlefield has just asked about the condition of A. C. Titus, former assistant attorney general, when the order came. Heyburn said the witness could be recalled after primary testimony on the Cook-Hines story had been received. Littlefield protested, but was overruled. Chairman Heyburn also directed an officer of the court to go to the old Stephenson headquarters and bring in a box of letters reported to be there.

New witnesses called to be sworn in the Stephenson case today were Walter Alexander, Wausau; J. Earl Morgan, Oshkosh, son-in-law of Senator Stephenson; former Assemblyman P. J. Leach, J. A. Domachowski, P. J. Farrell and Fred R. Zimmerman, all of Milwaukee. Alexander and Zimmerman failed to appear. Senator Stephenson and his two daughters, Mrs. H. P. Brown, Mariette, and Mrs. J. Earl Morgan, Oshkosh, returned to the investigation today.

Cross examination of Thomas Morris was continued. Attorney Littlefield questioned Morris closely about the rumors of Robert Shields having gone to Washington to see Senator Stephenson, to test the memory of the witness, he said.

A. R. Ames of Madison was next called and told of spending \$1,000 of Stephenson money.

C. H. Russell, chief clerk in the pension office at Madison, was next called. He received \$700 or \$750 of Stephenson money, but did not know from whom.

He was a candidate for nomination for congress in that primary, and carried on a dual campaign for Stephenson and himself.

232 PERISH IN FLOOD

NOGALES, Ariz., Oct. 18.—An eye-witness of the storm and tidal wave which swept the Mexican coast for five days recently arrived here today and declared that 232 persons perished. The loss to the mine of the Boleo French company will total \$5,000,000 and the damage sustained by the railroads and private parties, nearly \$20,000,000. It will require six weeks to restore railroad communication with the devastated state.

NOBEL PRIZE FOR EDISON.

STOCKHOLM, Oct. 18.—It is reported here today that the Nobel prize for the most distinguished achievements in physics will be awarded this year to Thomas Alva Edison.

CHICAGO, Oct. 18.—Republican progressives here today were jubilant over the success of the first republican progressive rally in their history held here last night.

The rally was virtually the opening gun in the campaign to obtain delegates to the next republican national convention pledged to Senator La Follette of Wisconsin, as the republican presidential nominee.

"Take control of the party out of the hands of the reactionaries," was the war cry voiced by Senator Crawford of South Dakota. "Let us find out whether the human heart or the inhuman dollar rules the land," was the appeal of State Senator W. C. Jones, progressive candidate for governor of Illinois.

President Taft was bitterly assailed by several of the speakers. Senator Crawford declared a new leader must be found because republicans who followed Blaine, McKinley and Roosevelt "with unbounded enthusiasm," were "listless and indifferent under the leadership of Taft."

"The progressive movement," Crawford asserted, "will bring back the party again into its own, and bring back to its support the many thousands of loyal republicans who because of disappointment in broken pledges of recent years, either remained at home without casting their ballots or went to the polls to vote for democrats."

Amos Pinchot, brother to the former forester, declared that progressive headquarters would shortly be opened in New York. It was said that Ohio, the president's home state, would be the main preliminary battle ground.

Formal sessions of the progressive conference were closed with the rally last night.

NON-RESIDENTS WED.

Miss Anna Erickson, Meade, Neb., and Henry Breyer, Conway, N. D., were married by Judge Brindley at his office at 2 o'clock this afternoon.

WEATHER

For La Crosse and vicinity: Unsettled weather with probably local rain tonight or Thursday; cooler on Thursday.

For Wisconsin: Increasing cloudiness with probable local rains tonight or Thursday; warmer east portion tonight; cooler Thursday afternoon.

For Minnesota: Generally fair tonight and Thursday preceded by unsettled weather east portion; cooler tonight with probably frost north-west portion.

Iowa: Unsettled weather with probably local rains tonight or Thursday; cooler northwest portion tonight east and south portion Thursday.

Weather Notes

Heavy rain has occurred in the Atlantic states from Florida to New York and it is raining in New York city this morning; snow is falling in Idaho. Elsewhere the weather is generally fair. An area of high pressure is moving in on the north Pacific slope while a low is central over Manitoba with a secondary depression over Colorado. This secondary depression is likely to cause unsettled weather in this section with local rain tonight or Thursday. Lower temperature is indicated for Thursday.

the progressives would pay to have
that matter worked out by a detec-

"HARP" JUST ONCE

The Milwaukee Journal talking back to The Tribune of La Crosse says: "The Journal tries to run a newspaper, not a harp of one string." Rather hard on the Trib.—Eau Claire Leader, Tory.

Not at all; our La Crosse contemporary sings in a celestial choir.—Milwaukee Journal.

You used to play the pipe-organ, and you never used the soft pedal. It isn't any of our business, in a way, but we belong to the newspaper "big brother" movement. Your readers up this way aren't talking half as much about what you publish nowadays as they are about what you don't publish. You know you got a lot of progressive subscribers throughout the state by dropping into the shoes of the Free Press when it "went wrong." There's a story going the rounds that a new influence has purchased the right to exert itself in relation to your activities. We thought you'd like to know it so you could put rumor at rest. Now if you would only "harp" just once good and strong on the Stearnson case "Constant Reader"

councilmen. Other cities all over the country are turning to this new system and find it a great improvement over the old plan, and a large number of Oshkosh citizens believe it is time for this city to take this same step. The calling of a special election will give the voters a chance to decide, and their own intelligence must tell them which way to vote.

A Salesman's Romance

SYRACUSE, N. Y.—No longer will Miss Lenore Moore of Columbus, Ohio, and George F. Wood, try to sell dry goods for rival houses. They've tried it for a year, and competition compelled them to wed. "The Tramp" poet.

Recently the wife of Richard Le

Gallienne obtained a divorce. The poet is now waiting for the interlocutory decree to become permanent before engaging in further matrimonial experiments.

Richard Harding Davis, noted writer, not long ago separated from his wife and it was announced that she plans to seek a divorce.

Booth Tarkington, Indiana author and playwright, whose works have met with popular approval, was a week ago sued by his wife for divorce. The couple have already separated.

Yesterday came the announcement that Elizabeth M. Chester, wife of George Randolph Chester of "Get-Rich-Quick Wallingford" fame, had been granted an interlocutory decree of divorce.

It seems that the imaginative, idealistic, romantic dreams of the story books cannot be acted in real life—at least by the creators of the romance.

The dream departs; the ladder falls,
And the dreamer awakes on his pillow of stone."

OSHKOSH LEADS THE WAY

The city of Oshkosh, which began to talk commission government about the time that topic was first under discussion in La Crosse, now proposes to proceed under the new law an explanation of which recently appeared in these columns. We quote an editorial from the Northwestern, published in that city, which tells the story of progress made there up to date. It is well for us to follow what other cities are doing in order that we may know whether or not we are in step with the procession. The Northwestern says:

The presentation of a fresh set of petitions to Mayor Banderob today apparently insures the calling of a special election to give the voters of Oshkosh a chance to decide the commission proposition. Although only a few days were devoted to the task of circulating these petitions it appears that signatures were so easily obtained that the total number far exceeds the limit required by law. This is strongly indicative of the final success of this plan when it comes to a vote, for of course it is certain that many who are favorable to the proposed change are not numbered among the signers of the petitions, while naturally all who have signed will be ready to vote, and also to work, for the commission plan.

Under the terms of the law, if the petitions as filed prove technically regular and legal, a special city election to determine this question must be called to occur not more than sixty days from the date of presentation to the mayor. Official notice of such election will require at least fourteen days, but as the mayor will no doubt need some time to look over the petitions and consider the matter, it is fairly certain the election will not be called before thirty days, at least, and possibly may crowd the legal time limit, which is to say, sixty days from the present. In either case the interval can be utilized to good advantage by the friends of the movement, in educating and enlightening the voters and suggesting to them the advantages to be gained by voting for commission government.

In case the "commission plan" should be carried at this special election, it will mean another city election next April to choose a new set of city officials, a mayor and two commissioners who will assume the duties and responsibilities now held by the mayor and twenty-six

The PRODIGAL JUDGE

The Famous Novel by
VAUGHAN KESTER

Copyright, 1911, The Bobbs-Merrill Company

"Ain't he bold?" it was the woman's voice this time, and the fat landlady, her curls and her plump breast heaving tumultuously, gained a place in the forefront of the crowd.

"Dear madam, this is an unexpected pleasure!" said the judge, with his hand upon his heart.

"I want my money!" shrieked the landlady. "Good money—not this worthless trash!" She shook a bill under his nose. The judge recognized it as the one of which he had despoiled Hannibal.

"You have been caught passing counterfeit," said the sheriff. A light broke on the judge, a light that stunned and dazzled.

"I can explain—" "Speak to them, Solomon—you know how I came by the money!" cried the judge, clutching his friend by the arm. Mahaffy opened his thin lips, but the crowd drowned his voice in a roar.

A tall fellow shook a long finger under Mahaffy's nose. "You scound!"

Mr. Mahaffy seemed to hesitate. Some one gave him a shove and he staggered forward a step. Before he could recover himself the shove was repeated.

"Lope on out of here!" yelled the tall fellow. Mahaffy was hurried toward the road. Twenty men were in chase behind him. Then the woods closed behind him. His long, thin legs, working tirelessly, carried him over fallen logs and through tangled thickets, the voice behind him growing more and more distant as he ran.

CHAPTER XII.

The Family on the Raft.

That would unquestionably have been the end of Bob Yancy when he was shot out into the muddy waters of the Elk River, had not Mr. Richard Keppel Cavendish, variously known as Long-legged Dick, and Chills-and-Fever Cavendish, of Lincoln County, in the state of Tennessee, some months previously and after unprecedented mental effort on his part, decided that Lincoln County was no place for him.

Mr. Cavendish's paternal grandparent had drifted down the Holston and Tennessee; and Mr. Cavendish's father, in his son's youth, had poled up the Elk. Mr. Cavendish now determined to float down the Elk to its juncture with the Tennessee, down the Tennessee to the Ohio, and if need be, down the Ohio to the Mississippi, until he found some spot exactly suited to his taste.

With this end in view he had toiled through the late winter and early spring, building himself a raft on which to transport his few belongings and his numerous family.

Thus it happened that as Murrell and Slosson were dragging Yancy down the lane, Cavendish was just rounding a bend in the Elk, a quarter of a mile distant. Leaning loosely against the long handle of his sweep, he was watching the lane of bright water that ran between the black shadows cast by the trees on either bank.

He heard a dull splash, and caught sight of some object in the eddy that swept alongside. Mr. Cavendish promptly detached himself from the handle of the sweep and ran to the edge of the raft.

It was a face, livid and blood-streaked. Dropping on his knees he reached out a pair of long arms and made a dexterous grab, and his fingers closed on the collar of Yancy's shirt. He drew Yancy close alongside, and pulled him clear of the water. Mr. Cavendish began a hurried examination of the still figure. "There's a little life here—not much. Polly!" he called.

This brought Mrs. Cavendish from one of the two cabins that occupied the center of the raft. When she caught sight of Yancy she uttered a shriek.

Her cry had aroused the other denizens of the raft. Six little Cavendishes, each draped in a single garment, tumbled forth from their shelter.

"I reckon we'd better lift him on to one of the beds—get his wet clothes off and wrap him up warm," said Polly.

"Oh, put him in our bed!" cried all the little Cavendishes. And Yancy was borne into the smaller of the two shanties, where presently his bandaged head rested on the long pillow. Then his wet clothes were hung up to dry along with the family wash, which fluttered on a rope stretched between the two shanties.

CHAPTER XIII.

The Judge Breaks Jail.

The sheriff had brought the judge's supper. He reported that the crowd was dispersing, and that on the whole public sentiment was not particularly hostile indeed, he went so far as to say there existed a strong undercurrent of satisfaction that the jail should have so speedily justified itself.

Presently the sheriff went his way into the dusk of the evening, and dusk of the evening, and night came swiftly to fellowship the judge's fears. A single moonbeam found its way into the place, making a thin rift in the darkness. The judge sat down on the three-legged stool, which, with a shake-down bed, furnished the jail.

Where was Solomon Mahaffy, and where Hannibal? He felt that Ma-

haffy could fend for himself, but he experienced a moment of genuine concern when he thought of the child.

Then—there was a scarcely audible rustle on the margin of the woods, a dry branch snapped loudly. Next a stealthy step sounded in the clearing. The judge had an agonized vision of regulators and lynchers. The cautious steps continued to approach. A whisper stole into the jail.

"Are you awake, Price?" it was Mahaffy who spoke.

"God bless you, Solomon Mahaffy!" cried the judge unsteadily.

"I've got the boy—he's with me," said Mahaffy.

"God bless you both!" repeated the judge brokenly. "Take care of him, Solomon. I feel better now, knowing he's in good hands."

"Please, Judge—" it was Hannibal.

"Yes, dear lad?"

"I'm mighty sorry that ten dollars I loaned you was bad—but you don't need never to pay it back! It were Captain Murrell gave it to me."

"I consecrate myself to his destruction! Judge Slosson. Price can not be humiliated with impunity!"

Only One Man Worried

The doctor had just concluded his daily examination, and the gouty old gentleman felt none too pleased.

"Well," he asked, in the manner of one who demands an ultimatum, "how do you find me today, eh? Better or worse?"

"Oh, better; much better," said the medico, and rubbed his hands.

"You're improving rapidly. The only thing that's really wrong now is the fact that your legs still remain swollen. But that doesn't worry me in the least."

The irascible old invalid drew in a quick, sharp breath.

"No, of course it doesn't," he blurted out. "And if your legs were swollen it wouldn't worry me!"

Society Women Remove Bad Complexion by Old-Fashioned Method.

The average woman is now quite universally following the example of a few clever society women who discovered that the old-fashioned, pure coaleated balsam would renew their complexions in a most surprising manner. When applied at night, after a thorough cleansing of the skin, the deadened and discolored particles of the outer skin drop off and with it all such blemishes as pimples, sallowness, liver spots, freckles, etc., freeing the fresh, healthy cuticle beneath—and behold! a natural and lovely skin is the result. Get an ounce and a half of pure coaleated balsam of your druggist and use it as suggested. There is nothing you possess that will inspire the admiration of others and confidence in yourself more than the knowledge that your skin is faultless and lovely.—Physical Century Magazine.

Women "Male Persons"

Four thousand women in Seattle, Wash., have taken the oath of registration qualifying them to vote at the elections in that state. Under the form of oath prescribed by law these 4000 women were compelled to swear that they are "male persons." Of course, the riotously inclined are laughing at this day-nomomg, as they say in Texas; but there is nothing to laugh at. The women who registered as "male persons," to bring themselves within the law, were wholly within their rights, as a careful reading of the 26th and 27th verses of the Book of Genesis will show. "And God said, Let us make man in our image, after our likeness; and let them have dominion," etc., etc. "So God created man in His own image, in the image of God created He him; male and female created He them." It is clear that the whole must contain all the parts, and as, in the first instance, woman was a part of man, she lost nothing of her original standing when, for convenience, created female.—Richmond Times-Dispatch.

Pretty Dirty

Once a year the newshoys of London are given an outing some place on the Thames river where they can swim to their heart's content. As one little boy was getting into the water his little friend said: "Johnnie, you're pretty dirty!" "Yes," replied Johnnie, "I missed the train last year."—Success Magazine.

When the Worm Turned

He was quite evidently from the country and he was also quite evidently a Yankee, and from behind his bowed spectacles he peered inquisitively at the little Jew who occupied the other half of the car seat with him.

The little Jew looked at him deprecatingly. "Nice day," he began politely.

"You're a Jew, ain't you?" queried the Yankee.

"Yes, sir, I'm a clothing salesman," handing him a card.

"But you're a Jew?"

"Yes, yes, I'm a Jew," same the answer.

"Well," continued the Yankee, "I'm a Yankee, and in the little village in Maine, where I come from I'm proud to say that ain't a Jew."

"Dot's w'y it's a village," replied the little Jew quietly.

"And he said he was willing to die for me?"

"Not exactly in those words, but that was the impression he was evidently trying to convey."

"What did he say?"

"He said he was ready to eat your cooking any time you said the word."—Houston Post.

Only Sober Men Wanted

Every line of business is closing its doors to "drinking" men. If you are a drinking man, it may be your time next. Better stop drinking at once. ORRINE, the standard remedy for the liquor habit, will help you. By the aid of ORRINE thousands of men have been restored to lives of sobriety and industry.

We are so sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink; ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1 a box. If you are interested in some one who drinks you owe it to yourself to come to our store and get a free booklet and information. O. T. Erhart, 518 Main street.

TAFT ADDS EIGHTEEN DAYS TO HIS TRIP

ON BOARD PRESIDENT'S SPECI-
AL TRAIN ENROUTE, Oct. 18.—
The original schedule called for the
completion of President Taft's trip
on Nov. 1 at Washington, but a new
program cuts the present jaunt off
at Pittsburgh on Oct. 31, and diverts
the president first to Morantown,
W. Va. There he will attend a col-
lege affair and then go to Hot
Springs, Va., for a five days rest.
After that he will rush to Cincin-
nati to vote, and then tour Ken-
tucky and Tennessee for several
days. The program for these days
has not been completed. Unless the
wanderlust forces a further exten-
sion of the trip, the president will
reach Washington November 15 and
will then have been on the road
for sixty-four days.

A narrow escape from a serious
wreck was the principal topic of
conversation on the president's
train as it sped across the Nevada
and Utah deserts today. Twenty
miles west of Kelo, Nev., last night
the engineer of the special on the
Salt Lake road, when the train had
stopped for water, discovered that a
wheel on the big six wheeler had
slipped a tire. In another mile, the
tire would have left the wheel com-
pletely, and with the train moving
fifty miles an hour, would have
ditched the entire train. The train
was delayed an hour while a new
engine was obtained.

GRAY HAIR MAKES YOU LOOK OLD

A Simple Remedy Brings Back the
Natural Color—Dandruff
Quickly Removed

How often one hears the expres-
sion, "She is gray and beginning to
look old." It is true that gray hair
usually denotes age. You never hear
one referred to as having gray hair
and looking young.

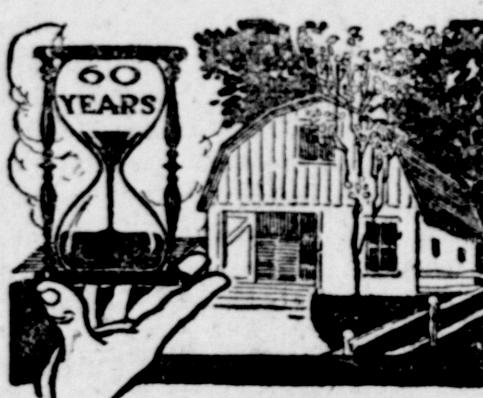

The hair is generally the index of
age. If your hair is gray, you can't
blame your friends for referring to
you as looking old. You can't re-
tain a youthful appearance if you al-
low your hair to grow gray. Many
persons of middle age jeopardize their
future simply by allowing the
gray hair to become manifest. If
your hair has become faded or gray,
try Wyeth's Sage and Sulphur Hair
Remedy, a preparation which a chem-
ist by the name of Wyeth devised a
few years ago. It is simple, inexpen-
sive and practical, and will banish
the gray hairs in a few days. It is
also guaranteed to remove dandruff
and promote the growth of the hair.
It is a pleasant dressing for the
hair, and after using it a few days
itching and dryness of the scalp en-
tirely disappear.

This preparation is offered to the
public at fifty cents a bottle, and is
recommended and sold by all drug-
gists.

'COPPERS' SCARCE ON NORTH SIDE

Rigs Alleged to Have Been
Smashed, but Police Are
Too Busy to Send Men
to the Scene

A rig belonging to Frank T. Cox,
French Island was broken badly
yesterday afternoon in front of the
Temte and Syverson grocery, Berlin
and Logan streets, when a heavy
farm wagon driven by Frank T. Am-
bin, a farmer of Bostwick Valley,
crashed into it at the curb.

Mr. Temte, of the grocery store,
alleges that following the smashup,
Ambin drove right on.

An attempt was made to call the
police, but the central station de-
clared that all the police were on
the south side, and it was impos-
sible to get any one to the north
side.

The marshal at Onalaska was no-
tified, and he stopped and obtained
the man's name as he drove through
that place, but was unable to hold
him without a warrant.

NORTH SIDE IN BRIEF

left this morning for La Farge, to
visit his father, G. W. Wilson.

Mr. T. Thoreson has returned
from a visit at Black River Falls.

Mrs. A. V. Ingham of 1024 Caledonia
street, left yesterday for Min-
neapolis and St. Paul where she will
spend the rest of the week with
relatives and friends.

Mrs. G. Rand of Savanna, Ill., is
visiting Mr. and Mrs. Geo. Nutting
of 911 Gillette street.

Mrs. John Jones, who has been
the guest of friends here for the
past two weeks, has returned to
Mindoro.

Misses V. Stifter and T. Bogasch
of Onalaska, have returned home
after spending a few days with
friends here.

ing relatives and friends in Decor-
ah, Iowa.

Mrs. James Roche and daughter,
Madeline, of Harper's Ferry, Pa.,
are visiting Mrs. Mary Morris, 1713
Wood street.

Miss C. Frey, 911 St. Paul street,
is visiting her parents, Mr. and
Mrs. James E. Frey of Mankato,
Minn.

Miss Anna Olson has returned to
her home at Virroqua, after a short
visit with relatives.

John Pederson returned to Stod-
dard, after a brief visit with friends.
Claude Ferris of Austin, Minn.,
visited with relatives for a few
days.

Wm. O'Reilly of Lake City, Minn.,
who was the guest of friends for a
few days, has returned home.

The choir of the North Presbyterian
church will meet at the home of

BIJOU ENTERTAINS MISS ELSIE JANIS

Manager McWilliams of the Bijou
theater entertained Miss Elsie Janis,
her mother and her entire company
at a complimentary matinee this
morning. Miss Janis is an enthusias-
tic picture fan and never misses an
opportunity of seeing pictures when
off duty. She has a large circle of
acquaintances among the motion pic-
ture actors and is especially interest-
ed in their welfare.

Miss Janis expressed herself as be-
ing highly pleased with the courtesy
thus extended and congratulated Mr.
McWilliams on the quality of the pic-
tures shown. She was especially de-
lighted with the advance styles in
fall and winter garments for women
as shown in Pathe's Weekly.

"It is not often," said Miss Janis,
"that we show people have an oppor-
tunity of seeing anything in the way
of entertainment. Behind the foot-
lights there is an immense amount of
hard work that the audiences can
never realize, and we appreciate
every little relaxation we can get.
The talented little woman and her
company were especially apprecia-
tive of Edison's great picture, 'The
Battle of Trafalgar,' commenting
freely upon the settings and general
stage work."

The entire bill as reviewed by
Miss Janis will be shown tonight.

FORESTERS DANCE A SPLENDID SUCCESS

The dance given last night by the
Catholic Order of Foresters in Wood-
man hall proved to be one of the
most successful and enjoyable affairs
that has been given on the north side
in some time. Seventy couples were
present, and a light lunch was serv-
ed.

While speaking a piece in a coun-
try school house a young girl in Tex-
as was struck by a bullet from a gun
carelessly discharged by a man in
the audience. She wasn't speaking
"Curfew Shall Not Ring Tonight."

Mrs. Aaron Transue has just be-
come the mother of boy triplets and
is at a loss to find some way of telling
them apart. That's an easy one. Just

style of hair cut.

CONFINED TO THE BED FOR FOUR YEARS

IS NOW ABLE TO WALK WITH-
OUT AID

Wonderful Cure of a Case of Chron-
ic Articular Rheumatism that Had
Resisted Every Other Plan
of Treatment for
20 Years

The Electro-Radial Specialists,
who are rapidly acquiring an envia-
ble reputation in and around La
Crosse, because of their manner of
handling the SO-CALLED INCUR-
ABLE CHRONIC DISEASES, have
recently added another laurel to
their crown, by restoring the power
of locomotion to Mrs. W. M. Weeks
of this city.

Mrs. Weeks had been unable to
get out of bed for four years, un-
able to dress herself for TWELVE
YEARS, and during this long period
of time, suffered the tortures of the
inquisition whenever she attempted
to move.

This lady heard of some of the
wonderful cures that have been re-
ported from time to time by the
ELECTRO-RADIAL SPECIALISTS,
and was brought to the institute in
a wheel chair, three weeks ago.

Since then and is now able to walk
from her home to the institute, a
distance of eight blocks, without
causing pain or fatigue, her appetite
is good and she has gained eighteen
pounds while under treatment.

This is a simple statement of the
condition, without exaggeration or
hyperbole, and attention is called to
the case in order that those who are
suffering from a similar disorder,
may, if they wish, take advantage
of the treatment that so effectively
restored the health she had lost to
this chronic sufferer. It is our desire
that all chronic rheumatics should
know where they can get relief.

The Electro-Radial Specialists
charge nothing for examination or
advice, and many patients are now
consulting them daily.

The Electro-Radial Institute, a
better term might be, "THE PLACE
WHERE THE SICK GET WELL,"
is located at 213 S. 5th St., and the
famous specialists are on duty from
9 a. m. until 9 p. m. daily. Sunday,
9 a. m. until 1 p. m.

UNIVERSITY EXPERTS AT BLACK RIVER

MADISON, Wis., Oct. 18. — In order to make a scientific study of the problem of temporary and permanent relief at Black River Falls, as a result of the recent flood, the extension division of the University of Wisconsin has just sent three experts to study the situation and make a complete report.

The men who will make the investigation are Prof. Ralph Hess of the department of political economy; Prof. Warren P. Mead of the geology department; and Prof. G. A. Hool of the department of structural engineering.

When such a calamity occurs, the extension division believes that it is exceedingly important that the facts regarding it be as fully known as possible. This investigation is in line with the policy of the welfare department of the extension division.

Forty convicts in the penitentiary at Denver were taken to a theater to see a play. If it happened to be one of those French farces from New York it served them right.

DISFIGURED WITH SCALES AND CRUSTS

Eczema from Top of Head to Waist. Suffered Untold Agony and Pain. Doctors Said It Could Not Be Cured. Set of Cuticura Remedies Successful When All Else Had Failed.

"Some time ago I was taken with eczema from the top of my head to my waist. It began with scales on my body. I suffered untold itching and burning, and could not sleep. I was greatly disfigured with scales and crusts. My ears looked as if they had been smothered out with a razor, and my neck was perfectly raw. I suffered untold agony and pain. I tried two doctors who said I had eczema in its fullest stage, and that it could not be cured. I then tried other remedies to no avail. At last, I tried a set of the genuine Cuticura Remedies, which cured me. Cuticura Remedies cured me of eczema when all else had failed, therefore I cannot praise them too highly."

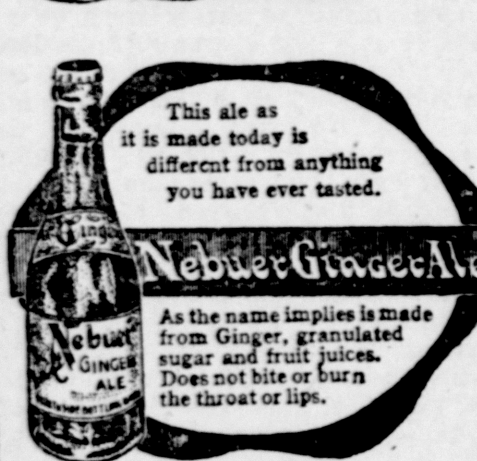

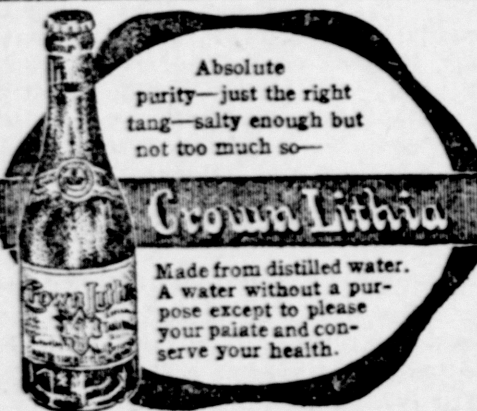

"I suffered with eczema about ten months, but am now entirely cured, and I believe Cuticura Remedies are the best skin cure there is." (Signed) Miss Mattie J. Shaffer, R. F. D. 1, Box 8, Danby, Miss., Oct. 27, 1910.

"I had suffered from eczema about four years when boils began to break out on different parts of my body. It started with a fine red rash. My back was affected first, when it also spread over my face. The itching was almost unbearable at times. I tried different soaps and salves, but nothing seemed to help me until I began to use the Cuticura Soap and Ointment. One box of them cured me entirely. I recommended them to my sister for her baby who was troubled with tooth eczema, and they completely cured her baby." (Signed) Mrs. F. L. Marberger, Dracutville, Pa., Sept. 6, 1910.

Although Cuticura Soap and Cuticura Ointment are sold by druggists and dealers everywhere, a liberal sample of each, with 32-page booklet on the skin and hair, will be sent, post-free, on application to Potter Drug & Chem. Corp., Dept. 4B, Boston.

OLDEST CIVIL WAR VETERAN INJURED

COL. EDWARD I. GOLDSMITH

LYNN, Mass. — Col. Edward I. Goldsmith, reputed to be the oldest living veteran of the Civil War in the New England states, has just celebrated his 100th birthday. He is a man of remarkable vitality which has enabled him to not only live past his three score years and ten, but has aided his complete recovery from a fracture of two ribs received last spring. He is now laid up with another accident which his friends hope will not be serious. He fell, fracturing his right hip and suffering bruises about the face and head. Until the accident he had made a habit of a daily constitutional walk of at least one mile. In 1909 he was appointed colonel on the staff of Commander-in-Chief William Van Sant of the G. A. R., who was then Governor Minnesota. He is a member of Post 5, G. A. R. of Lynn.

An uncultured bowery derelict went into the Astor hotel when the theater crowd was dining and began to undress. But didn't some wise man or some poet say, "When in Rome," etc.?

DEMURRER AGAINST INCOME TAX TEST

MADISON, Wis., Oct. 18.—Judge E. Ray Stevens of the Dane county circuit court sustained demurrer to the complaint in the case of Arthur Winding, Fred W. Gezelshap, the Wisconsin Trust company, Milwaukee, and Edwin F. Brown, against Secretary of State Frear, State Treasurer Dahl and members of the state income tax commission, praying that the defendants be restrained from enforcing the income tax law or paying any claims that may be incurred under the terms of the act.

Judge Stevens sustained the contentions of the defendants that the court has no jurisdiction over the defendants or the subject of this action, that the action is in substance and effect against the state of Wisconsin, but that the consent of the state to be sued has never been given. The court gave the plaintiffs twenty days to file an amended complaint.

TROOPS RETURN FROM BLACK RIVER FALLS

MADISON, Wis., Oct. 18.—Adj. Gen. C. R. Boardman on Monday received a message from Maj. C. R. Williams, in command of the troops at Black River Falls, to the effect that a portion of the men were given leave to go to their homes on Monday and that the others would leave on Tuesday. He said that there was no further need of the men remaining in the city.

Gen. Boardman issued an order to the national guard of the state on Monday informing the members that the correspondence school for commissioned officers in the guard would be conducted by Capt. Edgar T. Collins, Sixth United States infantry, who has been detailed for this work by the war department. He will maintain his headquarters at the offices of the adjutant general at Madison and will be ready to start work about Nov. 1. Capt. Collins is a graduate of the army school for army officers at Fort Leavenworth, Kan.

The orders also announce that instruction in close order, drill and guard duty will be under the direction of Gen. Charles King, Milwaukee, who has also been detailed for the work by the federal government.

SOCIAL BRIEFS

Mr. and Mrs. A. A. Morse and children will leave tonight for their new home at Wheeling, W. Va.

Mrs. Harry Murphy of Fremont, Neb., was called here on account of the critical illness of her father, Mr. C. A. Olberg.

The Woman's Union of the first Congregational church will serve a supper tomorrow night at the church parlors.

Mrs. Hiram Goddard entertained a party at the Country club this noon. Covers were laid for eight.

Miss Marie Wagner of Portland Ore., was guest of honor at a small coffee yesterday afternoon given by her cousin, Miss Jessie Johnson. During the afternoon a short musical program was rendered. Miss Wagner, who is an accomplished musician, favoring the guests.

Misses Marion and Helen Dorset have gone to Denver, Colo., to join their brother, Dr. Dorset, who is established there. They have taken a furnished apartment. Mrs. Dorset and Miss Nannie Colwell will join them later.

Dr. F. F. Dollert of Milwaukee, son of G. A. Dollert has purchased the summer home of E. R. Burke at Eagle Bluff, near Ferndale.

JOHN G. CROSS

PROVIDENCE, R. I.—John G. Cross, the young constable of South Kingstown, R. I., who last year raided the famous Narragansett club at Narragansett Pier and found 30 society men and women gambling there, has joined the prohibitionists and this fall is the candidate of that party for the position of attorney-general. He intends to conduct a state-wide speaking campaign.

SOCIALISTS TO HOLD STATE CONVENTION

MILWAUKEE, Wis., Oct. 18.—The first annual state convention of the social democratic party of Wisconsin will be held Nov. 4-6 at Stevens Point.

A referendum vote on the proposition of holding an annual state convention at the place just concluded was favorable to the plan, and as the place of meeting.

Although the socialists have held state gatherings in the past they have been merely nominating conferences held prior to the state and national elections. With the new system the party leaders are confident that they can do much better propaganda work throughout the state.

Two of the important things to be discussed are the admission of women to the state organization under smaller dues than the men, and the distribution of literature throughout the state on the same plan as is being carried out in Milwaukee.

A plan for a state campaign for membership will be adopted at that time also.

VELVET SPECIAL IS CLOSE TO WRECK

OWEN, Wis., Oct. 18.—The Velvet special, southbound from Duluth on the Soo line, narrowly escaped a catastrophe yesterday when it passed over the Poplar creek bridge at Atwood, eight miles below here on the new Spencer cutoff. Five minutes after this train passed over the bridge, 200 feet of filling at the approach gave way and the track slid into the ditch.

A track walker discovered the washout and a stock train of thirty cars, following close behind the Velvet special, was stopped at the brink of the slide. It backed to Owen and flagged a Soo passenger train that followed twenty-five minutes later.

PUSSYFOOT JOHNSON ACCUSED OF LIBEL

ST. PAUL, Minn., Oct. 18.—W. E. Johnson, "Pussyfoot," a former chief special Indian agent, has been arrested in Santa Fe, New Mexico, according to a dispatch received today by the State Central Prohibition committee. The charge, according to the dispatch, is that of libeling E. J. Crandall, ex-Indian agent for the district of New Mexico. Johnson was first released on \$500 bail according to the report, but this later was raised to \$3,000.

In a signed statement in the Northwestern Patriot, a Prohibition publication, Johnson gave as his chief reason for resigning from the service, the trouble he had with Mr. Crandall.

COLLEGE PRESIDENT HELD FOR MURDER

MANCHESTER, Ky., Oct. 18.—Rev. A. J. Burns president of the Baptist college at Oneida, is under arrest here charged with having assassinated his cousin, Perry Burns, who was shot from ambush last night. The reopening of an old feud between two factions of the Burns family is held responsible for the killing.

Bloodhounds this morning took up the trail and followed it to the door of Rev. A. J. Burns' home, the police say.

The college of which Rev. Burns is the head, is kept up by wealthy Baptists of Lexington, and Louisville for the education of mountain children.

VINCENT TAKES NORTHROP CHAIR

Former Chicago Man Formally Inaugurated as President of Minnesota University

VAN HISE MAKES ADDRESS

Says Knowledge Obtainable at Universities Would Revolutionize World if Applied

MINNEAPOLIS, Minn., Oct. 18.—Surrounded by educators representing many of the leading universities of the United States, Dr. George Edgar Vincent, formerly of the University of Chicago, was this afternoon formally inaugurated as the third president of the University of Minnesota, in the university armory. Dr. Vincent took office last April. Among the speakers were W. V. Folwell and Cyrus Northrop, former presidents of the university, Gov. A. O. Eberhart, former Governor John Lind, President John H. Finley of the college of the City of New York; E. C. McQueen Gray, president of the University of New Mexico; H. B. Hutchings, president of the University of Michigan; E. J. James, president of the University of Illinois; Dean F. S. Jones, Yale; Thomas F. Kane, president of the University of Washington; F. R. McVeagh, president of the University of North Dakota; Ira Remsen, president of Johns Hopkins university; C. E. Thweng, president Western Reserve university; C. R. Van Hise, president of the University of Wisconsin, and Harry Pratt Judson, president of the University of Chicago.

That knowledge, which is obtainable at the state universities of the United States, if applied, would revolutionize the world in a generation, was the theme of the address today by President Van Hise of the University of Wisconsin, speaking at the inauguration of Dr. George E. Vincent, as president of the University of Minnesota. He said in part: "We know enough so that if the knowledge were applied, the agricultural production would easily be doubled; we know enough about scientific medicine so that if the knowledge were applied infectious and contagious diseases would be practically eliminated within a generation; we know enough about the breeding of animals so that if the knowledge were applied to man, the feeble minded would disappear in a generation and the insane and criminal class would be reduced to a small fraction of their present numbers. Even in politics we have sufficient knowledge so that if it were applied, there would be a vast improvement in the government of this country."

President Van Hise illustrated the vast scope of knowledge offered by the universities, the extensive field open to this knowledge as well as the progress and good that might be realized if such were supplied by all the people.

MME. OLIVE FREMSTAD GRANTED A DIVORCE

NEW YORK, Oct. 18.—There will never be another "Mr. Olive Fremstad." The great diva, whose secret has just been revealed, declared today she was keen for a future life of single bliss.

The divorce was granted in this city last July, but so secret were the proceedings, that it was not until Mme. Fremstad's return to New York from abroad last night, that she announced that the courts had freed her from E. W. Sutphen, when she married secretly in Salt Lake City, February 16, 1906.

Three years ago, in an interview, the prima donna said: "People seem to think it impossible for an artistically successful man and woman to live together happily as man and wife. Of course, it requires tact and toleration, but after all, these are only the cornerstones of married life. We shall be very happy."

CAN'T FIND CLUE TO SLAYER

ELLSWORTH, Kas., Oct. 18.—Still without a definite clue to the identity of the assassin who murdered William Showman, his wife, and their three small children here Sunday night, local police today redoubled their efforts to find Charles Marzyk, Mrs. Showman's brother-in-law, whom neighbors say was prowling around the house shortly before the murder was committed. It is believed Marzyk has fled to the west on a freight.

HARLAN'S CHAIR VACANT

WASHINGTON, Oct. 18.—Because of the interruption to its work due to the death of Justice Harlan, the supreme court failed to hand down any decisions today. The associate justices each moved up one seat, Justice McKenna now senior associate justice, occupying the chair at the right of the chief justice, and Justice Holmes taking that at the left.

LAKE STEAMER BURNS

DOUGLAS, Mich., Oct. 18.—The steamer Arundel of the Crawford Transportation company of Chicago burned today in the company's dry-docks here. The loss is placed at \$35,000 covered by insurance. The boat was taken off the run between Saugatuck and Chicago two days ago.

Supreme Court to Decide Rights of Insurance Company's Detectives to Shadow Man

MILWAUKEE, Wis., Oct. 18.—Just how far a private detective may go in shadowing an individual, if he may legally shadow him at all, is a question which the supreme court will have to determine when appeal is taken in the case of Anthony Schultz, 677 Third avenue, against the Frankfort Insurance company, Julius Bacher, its Milwaukee agent, and two private detectives, Fred P. Gordon and John Paczkowski.

Schultz sued them for \$5,000 damages, alleging that he was shadowed and threatened because he gave testimony in a personal injury suit a year ago last March in favor of Mrs. Augusta Raether, at the trial of her suit for \$10,000 damages because of the death of her husband at the Filer & Stowell plant. The motive of the alleged threats and shadowing, Schultz said, was to drive him away from Milwaukee so he wouldn't testify in a retrial of the Raether case, the Filer & Stowell company having moved for another trial when a jury awarded \$4,000 damages to the widow.

Judge L. W. Halsey ordered the jury in the Schultz case to bring in a verdict for the defense, and Mr. Schultz's attorney, W. B. Rubin, has announced that he will appeal to the supreme court. Judge Halsey held that the acts of the detectives were within the law. There was no testimony that they threatened to kidnap or to prosecute Schultz or to get him discharged from jobs, as Schultz alleged in his complaint.

There was testimony, however, that the detectives shadowed him on the "open shadow" plan, that is, they let him know he was being shadowed and why. The testimony showed that the detectives spent days pacing back and forth in front of Schultz's home, and were close at his heels whenever he went out, all of which got on Mrs. Schultz's nerves and made her ill, frightened the Schultz children and made it a trying ordeal for Schultz himself. Is that legal? Is the point the supreme court will have to decide.

M. E. BANQUET IS HELD

H. G. LEONARD SPEAKS ON WORK OF LA CROSSE PASTOR AT METHODIST BROTHERHOOD DINNER

Rev. Louis Magin, pastor, spoke briefly of the work of the Brotherhood during the past year at the dinner given in honor of the men of the First Methodist Episcopal church by the Brotherhood at the church parlors last night, and urged that it attempt to do something definite this year to make itself felt as an active force in the community. He suggested that it would be an excellent thing for the various brotherhoods of the city to unite their efforts, as more could be accomplished in this way toward bettering conditions in our city.

Rev. Magin then introduced Rev. H. G. Leonard, the speaker of the evening. Rev. H. G. Leonard, pastor of the Simpson Methodist Episcopal church, Minneapolis, talked on "Men and the Church." He dwelt on the religious outlook, speaking of the worldwide unrest in every department of human activity. He declared that these are the best days we have ever known and at the same time that they are full of peril if the church fails to appreciate the significance of the times in which we live.

Mr. Leonard then spoke of the "Men and religion Forward Movement" and the recent campaign in Minneapolis. He urged that the men of La Crosse go into this movement heartily because it means great good for the city. The speaker laid special stress on the power of men when organized, informed and enthused, for Christ and the church.

He pleaded especially for original initiative, for individual and personal action, that men live the life and go out to do the work for Christ and the church.

The speaker was repeatedly applauded.

This closed the first banquet of the Brotherhood of this church this year.

BREWERS CONVENE IRVINE INVENTS NEW SHOW CASE

SECRETARY OF AGRICULTURE WILSON CARRIES OUT PROMISE IN SPITE OF STRONG OPPOSITION

CHICAGO, Oct. 18.—Despite all the prayers of church people and prohibitionists, and in the face of a storm of opposition, Secretary of Agriculture Wilson today presided over the Brewers' congress.

"I believe in the efficacy of prayer," the secretary observed, "but at the same time I do not believe I am in imminent danger of being stricken down because I'm here."

In his address to the congress, Wilson ignored the storm of protests which his acceptance of the honor of president aroused. He addressed himself to the foreign delegates and spoke of what the United States had gained in agricultural products and agricultural information from the old countries.

Speaking of the pure food law he said that the statute must be executed, and that the government was interested in enforcing it fairly.

Wilson refused to discuss Arthur Burrage Farwell, whose prayer that the secretary be presented from sitting with the brewers started the fuss. In general, however, he said his critics were "honest, conscientious and well meaning people, but whose theories were not stable enough to run the government."

U. S. SENATOR CULLUM NO USE TO PARTY

SPRINGFIELD, Ill., Oct. 18.—United States Senator S. M. Cullum, who came here two months ago to "straighten out" the wrinkles in the republican party, today packed his suitcase and prepared to leave for Washington this afternoon. The wrinkles have refused to be straightened.

"I find that I cannot be of any use to the party here," said the senator as he added a pair of pajamas to the valise, "and I might as well go back to Washington to work on the foreign treaties. I am not a candidate for re-election in any sense of the word. The matter rests entirely with the people—if they want me I am ready to serve them, and if they don't, I am ready to step down and out."

TELEPHONE STOCK MAY BE EXCHANGED

NEW YORK, Oct. 18.—The New York News bureau this afternoon declares it was decided that a proposal will be made to the holders of preferred and common stock of the Western Telephone & Telegraph company. The latter company owns approximately 76 per cent of the western company's outstanding \$16,000,000 preferred stock, and 57 per cent of the common stock.

The western company holds a majority of the stock of the Cleveland Telephone company, operating in Cleveland, Ohio, and adjacent territory; the Northwestern Telephone exchange company, operating in Minnesota and North and South Dakota, the Southwestern Telephone & Telegraph company, operating in Texas and Arkansas, and the Wisconsin Telephone company, operating in Wisconsin.

TAFT FEARS SOUTH MAY VOTE WRONG

WASHINGTON, Oct. 18.—The change in President Taft's itinerary so as to include Kentucky and Tennessee was attributed by progressives here today to the Chicago progressive convention's endorsement of La Follette for the republican nomination.

When the itinerary was originally formed, the south was left out on the theory, it is said, that the southern states would send solid Taft delegations to the national convention. Since then, however, reports from the south have told of a growing fear among federal officeholders that a democrat may be elected in 1912 unless the republicans take some radical step. This is known to have been considered by the Taft managers and the decision to visit Kentucky and Tennessee at this time was looked upon here as significant.

MANY SPEAKERS ADDRESS MEET

Interesting Papers on Live Topics Read at Yesterday's Sessions

Some exceptionally good papers were read at this morning's session of the eastern conference of the Synod of the Northwest at the English Lutheran church, those who delivered talks being well prepared and giving some good addresses.

Dr. A. L. Ramer of Allentown, Pa., superintendent of the Slav missions, delivered a fine address on the work which is being accomplished along missionary lines.

Temporary officers, elected each day for the different sessions, were chosen as follows for today, which is Woman's Society day: Mrs. H. K. Gebhart of Kenosha, president; Mrs. Fridny of Racine, secretary.

Miss Ida Gall, delegate from the Church of the Epiphany, Milwaukee, spoke on the promising features in the outlook for Christian missions this morning. Church extension and home missions was the topic upon which Mrs. W. Eckert spoke.

During the discussions on the Sunday schools, held yesterday, the training of the teacher was taken up in the afternoon. The delegate from the Church of the Reformation, Milwaukee, told of the various methods of training teachers, the delegate from Oshkosh spoke on what may be expected from this training, and the delegate from the Church of the Redeemer, Milwaukee, told all about teachers' meetings.

Rev. William Eckert of Racine was chosen the president of yesterday's meetings, while Miss Louise Schmidt, Milwaukee, acted as secretary.

Two strong addresses were delivered during the evening session, when Rev. G. K. Rubrecht spoke on the Sunday school, a place for men, and Rev. L. W. Steckel explained the Lutheran conception of the Sunday school and how it may be realized.

Rev. William Eckert of Racine will speak on inner missions this evening.

Rev. Eckert has made a specialty of the subject of missions, having traveled in Germany, where the Lutheran have the best missions in the world, and is well fitted to speak on this topic.

SAYS U. S. SHOULD BUILD ALASKAN ROAD

SEATTLE, Wash., Oct. 18.—"I have had no occasion to change my opinion that the government should build an Alaskan railroad and open the coal mines of Alaska, primarily for supplying the government's own needs on the Pacific coast, and secondarily for furnishing coal at reasonable cost of consumers."

This was the statement made today by United States Senator Miles Polinder on his arrival here from Alaska, where he made an exhaustive investigation of conditions. "This policy," he continued, "will necessitate government ships and docks but I am more firmly convinced than ever that this is the proper solution of the Alaskan problem. If a sufficient area of coal should be reserved for the working out of this plan, it would remove many of the difficulties as to disposition of the remainder of coal fields and as to the manner of opening them to private enterprise."

HETTINGER ARRESTED.

John B. Hettinger, former La Crosse saloonman, has been arrested in Los Angeles, Cal., according to word received here. Hettinger is alleged to have had George H. Greenwood, formerly of this city, now of Seattle, endorse a check for \$150 on the National bank of La Crosse when he had no funds in the institution. Pinkerton detectives, employed by the American Bankers' association, have sought Hettinger in all parts of the country and have visited La Crosse many times in search of him.

CARCARETS SURELY STRAIGHTEN YOU OUT

No Headache, Bilioussness, Upset Stomach, Lazy Liver or Constipated Bowels by Morning

Are you keeping your bowels, liver and stomach clean, pure and fresh with Carcarets, or merely forcing a passageway through these alimentary or drainage organs every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Carcarets thoroughly cleanse and regulate the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Carcaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Carcaret now and then and never have Headache, Bilioussness, coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Carcarets belong in every household. Children just love to take them.

U. S. CHINESE MASONS BEHIND REVOLUTION

INDIANAPOLIS, Ind., Oct. 18.—Chinese residents of the United States are the vital force behind the Chinese rebellion, which seeks to overthrow the Manchu dynasty, according to Chin Gum Sing of this city, grand master of the Chinese Free Masons of the United States. In a statement to the United Press today, Sing announced for the first time, that the young China society, the Chinese revolutionary society of his country, and the Chinese Free Masons are one and the same.

Enormous supplies of arms and supplies have been secretly sent to China from this country, according to Sing, and the rebels are well supplied for a long struggle.

Sing has made frequent trips to all parts of the United States during the last two years and organized the Chinese into societies to support the rebellion.

SURELY BREAKS A BAD COLD

The most severe cold and Grippe misery will be relieved in just a few hours.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated its not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

LA FOLLETTE CLUBS IN NORTH DAKOTA

GRAND FORKS, N. D., Oct. 18.—The Robert M. La Follette boom for the presidency will receive its inception in North Dakota when the Grand Forks La Follette club is formally organized. The call for the meeting has already gone out and the local club, it is expected, will be made the nucleus of a statewide movement in which La Follette clubs will be organized in every city and county.

This movement is entirely independent and has no connection with the recently organized North Dakota Progressive league. The fact that that league has not yet shown any desire to endorse the La Follette candidacy, is in fact, the incentive for the calling of the meeting in this city.

It is a rather peculiar condition that certain of the stalwart republicans find themselves up against. In the reciprocity fight they were waging war on the president's ideas and his championing of the measure, and it is declared that many of them will not go into a fight for him in the state at this time. Just how extensive such sentiment prevails, is an uncertain quantity, but it is marked enough to give the La Follette boosters every confidence in the success of their movement in the next March primaries.

CHANGE FUNERAL PLANS

Relatives of Herman Peters, who died Monday, have changed the arrangements for the funeral, which will be held Thursday afternoon from the residence, 1317 South Fourth street, at 2:30. The services will be under the charge of Rev. J. T. Gamm. Burial will be made in Oak Grove cemetery. It was originally planned to send the body to Sparta for interment.

M'COY TO HOLD COURT AT TOMAH

TOMAH, Wis., Oct. 18.—The first term of the Monroe county probate court, Judge R. B. McCoy of Sparta presiding, was held in the city hall of this city Tuesday. Judge McCoy arrived on the 8:41 train from Sparta, opened court at 9 o'clock and after disposing of many important matters, left for his home on the 4:19 train. It is his intention to hold court here every third Tuesday of each month, hereafter, but he will be here the next time on the 28th. He will arrive on the 2 p. m. train and be here until 10:45 in the evening and will thus avoid interfering with his duties for the same day at Sparta. Dr. Wm. J. Donald of Tunnel City was appointed administrator in the estate of Geo. D. Cummings, who was recently killed by a train at Tunnel City.

The will of Henry Rogge was admitted to probate and Wm. Rogge was appointed as executor. C. C. Hill was appointed executor in the estates of his father, Oliver M. Hill, and mother, Sophie M. Hill. The will of Mrs. Lizzie Boorman was admitted to probate and H. L. Burdick appointed executor.

In the estate of Louis F. Krenn, the man who was killed by lightning last summer in his home north of this city, the widow is seeking the appointment of an administrator so that she may sue the telephone and electric light company for \$16,000, on account of their alleged liability in connection with her husband's death. Hearing was set for November 28.

In the estate of Frederick Kippen a dispute having arisen between the heirs over the appointment of an administrator, the court took the matter in his own hands and appointed a third party, Chas. Drowatzky, of the State bank.

An order settling the estate and assigning the property was entered in the estate of George L. Shultz.

The only child of Mr. and Mrs. Ralph Brown of Tunnel City, aged 3 months, died Monday afternoon, the immediate cause of death was spasms. The funeral was held Wednesday afternoon at the home and the interment was made at the Greenfield cemetery.

Mrs. Louis Sterkel, who has been making an extended visit during the past summer with friends in Germany, returned to her home on Hollister avenue Sunday.

Owing to the heavy rains recently the Lemmon river overflowed its banks and flooded the lowlands west of this city. It was impossible to use the fair grounds road because the water was across the road more than three feet deep. Just west of the city the lowlands were flooded, the water reaching as far as the bark of a number of lots on Hollister avenue. The freshman and sophomores of the high school, who have been planning a joint class party for next Saturday evening, decided to postpone it until some future time.

A Comedy of Corn

"Say, you know how fastidious Briggs is?"

"Yes."

"Well, he gets wild whenever the Maitland girl, she's his fiancee, eats corn off the cob. She found out how he felt about it, and the other evening at dinner at the club she tried to cut the corn from the cob. Briggs noticed this and smiled approvingly, but just then her knife slipped, the cob popped nimbly onto Briggs' shirt bosom, the plate skidded, the gravy bowl went over and all the cut off kernels showered themselves dangerously near the gorgeous corsage of that very stout Mrs. Singleton Mink."

"And what did Briggs do?"

"Say, Briggs was game. He called

KANSAS STUDENTS ARE FOR WILSON

Two straw votes were taken last week among the students of the University of Kansas Law school at Lawrence, which showed the young lawyers to have a strong preference for Woodrow Wilson for president.

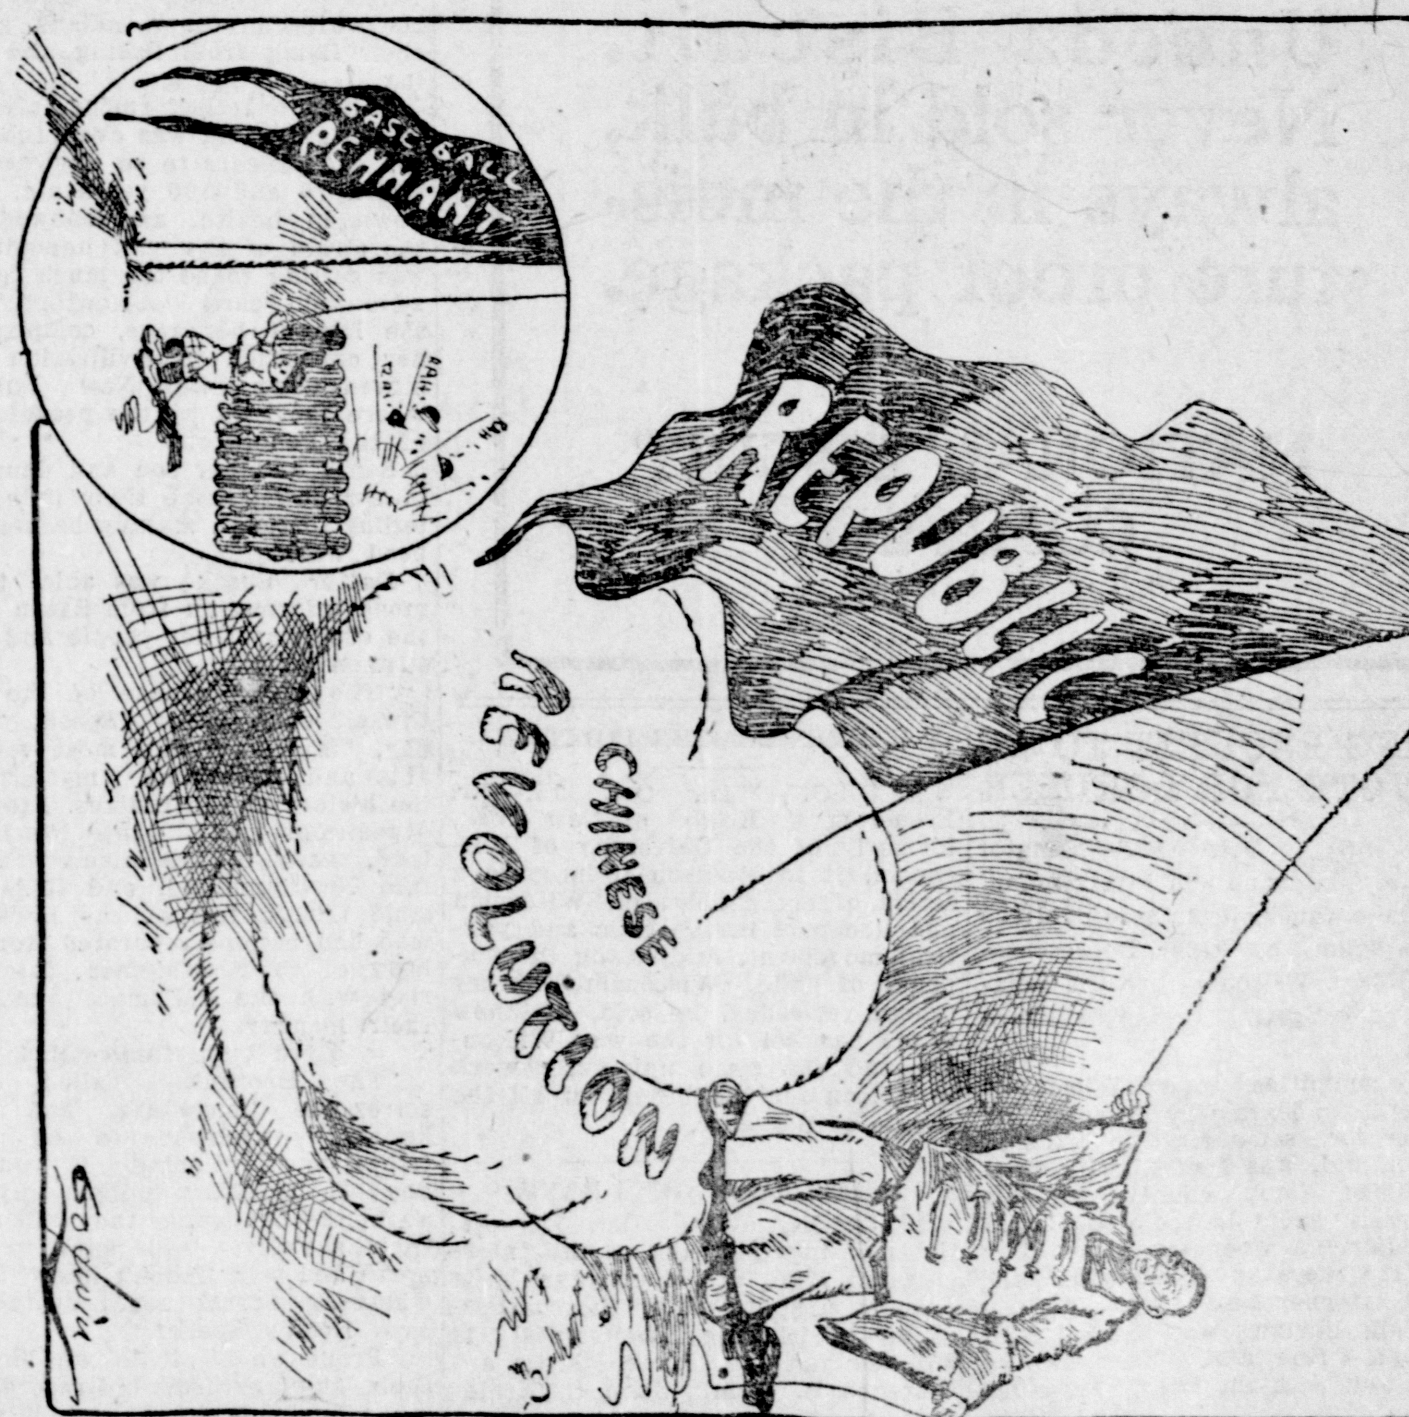

The first vote was taken by passing a paper among the students containing the names of Wilson, Taft, Harmon and La Follette, with the request that each student write his name below that of his favorite candidate. In that test Governor Wilson received 96 votes, Taft 63, La Follette 55 and Harmon none.

The young men were then asked to vote on the following proposition: "If the nominees are Wilson and Taft, how will you vote?" The result of that test was Wilson 123, Taft 81. Considerable importance is attached to this vote by the politicians, because every county in the state is represented among the young lawyers, and it is believed their vote is as accurate an indication of the intelligent sentiment of Kansas as it would be possible to obtain.

This Prescription Knocks Rheumatism

The only logical treatment for rheumatism is through the blood. A prescription, which has recently proved wonderfully effective in hospital work is the following. Any druggist has the ingredients or will quickly get them for you. Any one can mix them. "One ounce compound syrup of Sarsaparilla; one ounce Toris compound; half pint first class whiskey." These to be mixed and used in tablespoon doses before each meal and at bedtime. This cured thousands here last winter. It relieves immediately.

FIND SURVIVORS OF INDIAN TRIBE

Remnants of Clan, Believed to Be Extinct, Located in Heart of Civilization

THREE BEOTHUKS REACH U. S.

Squaw Is Nearly 100 Years Old and Gives Professor Details of the Tribe

PHILADELPHIA, Pa., Oct. 18.—The last of the famous Indian tribe of Beothuks, a race thought to have been extinct since 1829, have just been discovered by Professor Frank G. Speck, of the University of Pennsylvania Museum, according to a report which the professor has submitted.

For centuries the Beothuks kept out of the range of civilization, and it was only through accident that trace of the supposedly extinct tribe was discovered. The three, said Professor Speck, the only living members of the Beothuks, were located along the Penobscot river almost in the center of New England civilization, where they had drifted in search of medical aid. One of the three, an old Indian woman, said to be nearly 100 years old, told to Professor Speck the history of the lost tribe, and thus was added, in the opinion of the instructor, an important link which has been missing in anthropological history for early a century.

The last of the tribe have promised Professor Speck that they will come to this city this winter, when they will submit to a cross-examination by anthropologists, in an effort to trace more accurately the doings of the lost race in the years since they supposedly became extinct.

The Beothuks were first discovered in 1497 by the Cabots in Newfoundland. Three of them were captured and taken to London, where, through the fact that their bodies were dyed red, according to an ancient custom of their race, they caused the American Indian to be known as the "red man." For this reason anthropologists have always regarded the Beothuks as exceedingly important to their science.

The last of the Beothuks to be seen alive was Shanandithet. He died in St. John, Newfoundland, in 1829. About this time, according to Doctor Speck, a number of expeditions were made into the interior by men of science, with the hope of discovering some of the fast-dwindling tribe, who were noted for their intense hatred and fear of the white man and his civilization. They found some vacated camps, tepees, canoes, implements of warfare, cooking utensils and clothing, but no Beothuks.

The skull of Shanandithet in the museum at St. Johns was the only evidence of the former existence of the tribe.

Home in Wilderness

The member of the tribe who was discovered by Doctor Speck is a squaw named Santu, who is believed to be the last full-blooded Beothuk alive. She was married to a Micmac in Nova Scotia, and has a son and little granddaughter, who now live with her.

They were found in a camp on the Penobscot river, where Doctor Speck was doing research work during the summer. He came upon them quite by accident, although the other Indians, Doctor Speck says, regarded them with great interest and curiosity because of their peculiar life history and race traditions.

It seems that Santu and her offspring had inherited the intense antagonism of the Beothuks to civilization, and they had lived by themselves in the wilderness of northeast Canada, far away from the whites or other Indians, getting their living from fishing and hunting.

It was only last spring, after the winter's hunting was over, that Santu, who appears to be anywhere between 70 and 100 years old, broke down in health, and showed that the strain of the wild nomadic life was getting to be too much for her advanced years. Accordingly she, the last of her race, compromised her opposition to civilization and moved down into New England, where she took up the peaceful life of the Penobscots.

Santu and her son and daughter-in-law now make their living by telling fortunes, making baskets and bead work.

Doctor Speck was able to get much information from Santu about the customs of her people and their strange history.

"The disappearance of the Beothuks," said Doctor Speck, yesterday, "is one of the most remarkable and interesting mysteries in the history of the Indians. After the expeditions in 1829 into Newfoundland, many of the Micmacs moved into Newfoundland, and it is possible that a few of the Beothuks, who had become separated from the body of their tribesmen, intermarried with the Micmacs and lost their identity."

Dyed Their Bodies Red

"The Beothuks called themselves the Osagannas, and were known by traditions to the other tribes by this name. If you ask any of the other Indians anything about the Osagannas they will shrug their shoulders and point to the north and say: 'I don't know. Somewhere up north; heard of them,'" says Doctor Speck.

"From what little we have of their language, from old records and my own small vocabulary, it seems

EPIDEMIC BREAKS OUT IN ASYLUM

MADISON, Wis., Oct. 18.—To prevent the spreading of a typhoid contagion among all the inmates of the county asylum at Monroe, Green county, 120 patients were given the anti-typhoid treatment yesterday afternoon. The epidemic broke out in the hospital about a week ago and five deaths already have resulted. As soon as the matter was reported to the state authorities here, packages of anti-typhoid serum were shipped from the university laboratory, where it had been prepared under the supervision of Dr. M. P. Ravenel. The state did not intend to begin the distribution of this serum until December 1, but the indications of an epidemic were so threatening at Monroe that action was taken immediately.

Through the initiative of Dr. Ravenel, Wisconsin is the first state to supply the physicians in the state free of charge with anti-typhoid vaccine. Since the announcement of this enterprise was made a few weeks ago, the state of Georgia has taken a similar step. In Wisconsin the vaccine is made at the state hygiene laboratory.

that the Beothuk was an independent stock and tribe. They were not related to any of the other Indians about them, either in language or in race."

CONFIRMED PROOF

Residents of La Crosse Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs— from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of La Crosse, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to La Crosse kidney sufferers.

Mrs. T. Raper, 1029 S. Fifteenth St., La Crosse, Wis., says: "A member of my family suffered a great deal from backache, caused by weak kidneys. When a trial of Doan's Kidney Pills was suggested, a supply was procured at Erhart's Drug Store and their use effected a complete and permanent cure. This person publicly recommended Doan's Kidney Pills at that time and I am pleased to confirm the statement that was then given."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

JOHNNY FORD ENDS ENGAGEMENT HERE

Clever Young Man Who Scored Hit of Season to Be Seen Last Time Tonight

NEW BILL IS A "HUMMER"

"In the Subway" Is Title of Clever Sketch Portraying Activity in Heart of New York

Tonight will be the last opportunity to see Johnny Ford the late star of the "Echo" and "Three Million Dollars Co." This young man has scored the hit of the season at the Majestic. His work is clean cut and his dancing immense, in fact the entire show is one of the best ever seen here.

The new show starting with the matinee Thursday, will feature New York's latest scenic hit, entitled "In the Subway." This act is produced with the complete cast, an abundance of scenery and electrical effects, portraying hurrying underground rapid transit, and a clever story mingled with an abundance of comedy.

Marengo and Delton Bros., will be seen in a great act. They introduce novel acrobatic stunts and good comedy.

Lewis & Pearson in their comedy creation "The Wrong Note" come highly recommended as comedians and singers, with an original offering somewhat different from all others.

The Careno Trio comedy are entertainers with an original offering presenting the dog comedian, "Prince," conceded to be the cleverest dog actor before the public.

Sadie Helf, a dainty little Miss, with an exceptionally fine voice, and known as "The Princess of Song," is the sister of the great publisher, who has supplied her with new songs never heard in this city.

The new pictures will be in keeping with the balance of the show.

CAUSES SICKNESS

Good Health Impossible With a Disordered Stomach

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c and \$1.00 a box. Sold in La Crosse only at our store—The Rexall Store. O. T. Erhart.

COUPLE OBSERVE 50TH ANNIVERSARY

PRAIRIE DU CHIEN, Wis., Oct. 18.—Mr. and Mrs. J. M. Chambers celebrated their fiftieth wedding anniversary at their home on Church street Saturday evening, by an informal reception for friends and neighbors.

The house was artistically decorated with autumn flowers and foliage and the host and hostess were assisted by their daughters, Mrs. Cassels of Ellendale, North Dakota; and Mrs. M. J. Cameron of Hammond, Indiana. The Misses Marian Scanlan and Margaret Welch served cake and ice cream in the dining room. A short program of music and tableaux was provided. Letters and telegrams of congratulation were received by Mr. and Mrs. Chambers during the day and evening from their sons and other relatives not present, among them a letter from their nephew, Robert Chambers, the novelist, who is now in London.

Mr. and Mrs. Chambers were married in Grant county, October 14, 1861 and lived for many years in Bloomington.

Mrs. Alexander Frederick will entertain the Episcopal Guild Wednesday afternoon.

The Congregational Industrial society will meet with Mrs. Henry Otto Thursday afternoon.

Mrs. Fred Schroeder and Miss Della Welch spent Sunday with friends in Dubuque.

F. S. Clinton is having a week's vacation from his duties in the Crawford county bank and is spending the time with his son, Fred, in Chicago.

The Mississippi and Wisconsin rivers are at their highest mark at this place since the high water of

June, 1908. The Mississippi is reported fourteen feet above low water mark and is still rising. Parts of the Fourth ward are under water but thus far no homes have been vacated.

Prairie du Chien has had no trains from the east since Friday night, owing to a wash out on the C. M. & St. P. near Wauzeka, about fifteen miles from here. It is said that trains will probably not be running before Wednesday.

A heavy rain fell here during Sunday afternoon and night.

Recipe that Breaks a Cold in a Day and Drives Any Kind of Cough

"Mix half an ounce of Concentrated Pine compound and two ounces of glycerine with half a pint of good whiskey; shake well and use in doses of one to two teaspoonfuls after each meal at bed time." Smaller doses to children according to age. Any one can mix this. But be sure to get only the genuine (Globe) Concentrated Pine. Each half ounce bottle comes in a sealed tin screw-top case. If the drugist does not have it he will quickly get it. Many mixtures are of large quantity and cheaper, but it is risky to experiment. This formula comes from a reliable doctor and is certain.

DYING REQUEST TO VOTE FOR LORIMER

CHICAGO, Oct. 18.—"Senator Lorimer is a grand and lovely man," was the enthusiastic tribute paid the Illinois solon by State Representative Robert Wilson before the senatorial investigating committee here today.

The committee pressed Wilson, a democrat, to learn why he voted for Lorimer for senator. One reason, Wilson said, was that Sheriff Tom Barrett of Cook county, on his death-bed, had told the witness to favor Lorimer whenever he could.

"Were there any other reasons?" asked Attorney Healy.

"Well, Lorimer was a good man and had a fine family. Then, too, he stood well with the Irish," answered Wilson.

WRITES BADGER POLITICS

MADISON, Wis., Oct. 18.—Dr. Frederick C. Howe of New York, formerly of the University of Wisconsin, is in Madison to prepare a series of six articles on Wisconsin and her part in the civic and political movement. Addressing the students of the Wisconsin library school yesterday, he said, he knew of no parallel for the way Wisconsin and the state university work in unison for the benefit of all the people of the state.

DOMESTIC MARKETS

New York Stocks
NEW YORK, Oct. 18. -- Price movements at the opening were moderately irregular and the tone could only be described as uncertain. The railroad list generally showed fractional losses.

11 a. m.--After the uncertainty at the opening, prices soared in almost uniform advance during the rest of the first hour.

Government bonds unchanged; others steady.

Noon--The most important feature in the late forenoon was the continued strength of railroad issues, in spite of the weakness of a number of industrials.

2 p. m.--The pressure against Steel common continued during a good part of the afternoon, causing losses in the price of that stock and the depression had influence on the balance of the market.

The stock market closed weak.

Grain Letter

CHICAGO, Oct. 18. --Caution ruled in the wheat trade at the outset today, but the market hardened later and a bullish feeling was apparent. Prices made advances. It was hinted that there would be a Canadian report today on wheat that would materially reduce the statistics on yields.

Assisted by strength in wheat, and by the weather prediction of general rains over the big producing states tonight, corn advanced slowly.

Oats were a shade firmer, in sympathy with strength in wheat and corn. There was considerable selling by commission houses.

Provisions displayed a strong undertone, the trade showing a tendency to broaden out. There was a good demand for the deferred deliveries for outside account, inspired by large marketing of immature hogs. Offerings were small.

JUDGE DENOUNCES OWNERS OF CLUBS

Philadelphia Judge Says Club Owners Should Be Prosecuted for Allowing Scalping

PHILADELPHIA, Oct. 18.—Severely censuring the officials of the Athletics for allowing, as he said, vast blocks of tickets to get into the hands of speculators when loyal fans were denied them except at exorbitant prices, Magistrate Scott on Monday in the Central police station declared that the officials of the club should be arrested as well as the scalpers.

"Uncle Ben" Shibe, the president of the club, said that he was unable to explain how the tickets got into the hands of speculators.

Every ticket speculator who was brought before him was fined, and it was during the hearings that Magistrate Scott so severely denounced the officials of the club. An attorney defending one of the alleged scalpers who was arraigned, requested the discharge of his client on the plea that there was no offense in selling tickets unless they were railroad tickets.

It was then that the magistrate showered his wrath upon the Athletic officials.

"I am going to fine these men for disorderly conduct," said the magistrate, "and I want to say right here that the officials of the Athletic club should be held on the same charge as these men. They have allowed tickets to get into the hands of New York scalpers instead of letting loyal Philadelphia fans have them unless they pay the exorbitant prices demanded."

ORDEMAN-CUTLER TO MEET ON MAT

MINNEAPOLIS, Minn., Oct. 18.—Minneapolis wrestling promoters yesterday arranged all details for a match between Henry Ordeaman and Charlie Cutler, the Chicago heavyweight. These two big fellows have met on the mat twice, each man winning a match. Cutler forfeited to Ordeaman in their first match, quitting with a badly dislocated knee, while the second affair was a Cutler victory in straight falls. The men will clash in the Minneapolis Auditorium on November 9, two days after the Miller-Gehring match in this city.

GIANT ERRORS DECIDE BATTLE

Three Fumbles in Eleventh Allows the Champs to Cross the Plate Twice

PHILADELPHIA, Pa., Oct. 18.—A heavy rain which has been falling since 10 o'clock last night made it appear probable early today that the fourth game between the Giants and Athletics would have to be postponed. In the event of postponement, the next game will be played in Philadelphia on the first clear day. The National baseball commission will meet shortly after 10 o'clock to decide whether to play or postpone the contest.

(By Grantland Rice.)

NEW YORK, Oct. 18.—In the National league war, Mathewson and Marquard stood between the Giants and defeat. In the world's series, they have stood as firmly until Frank Baker's mighty war club swept them both from the path. The score was 3 to 2, and Baker did it again.

In Mathewson's twelve campaigns of pitching, this was the roughest blow of his pitching life. There were two strikes called on Baker when Matty broke one over with a curve that broke shoulder high. For a brief second the gray ball seemed to hang in midair, and then—bang!—and then "good night."

Baker's wallop not only inspired his pals with new hope, but it cracked the Giant machine into fragments. Mathewson still pitched well, but his reeling support kicked away the final chance. Three infield misplays at the finish, coupled with a brace of hits which otherwise might not have scored, gave the Philadelphia two runs.

With this game over, all eyes now are turned upon Philadelphia. By

RICHARDS SAVES MOLL FOR GAMES

Star Badger Quarterback Not Permitted to Overwork; Colorado Plays Saturday

MADISON, Wis., Oct. 18.—Taking no chances of further injury to Moll, Coach Richards allowed the star quarterback to run signals for a time and then assigned Castle to run the team for the rest of the afternoon yesterday. In the scrimmage with the freshmen the only change from Monday's lineup was the use of Van Riper and Bright at half. The plays with which Richards drilled his men Monday were yesterday tried out with real opposition in the freshmen.

The coaches put the men through a program designed to test out Colorado formations, and attention was given also to Illinois plays. Rothgeb, former Illinois star, is coaching the Colorado team and it is presumed he has drilled his men in some at least of the formations used at Urbana. "Germany" Schultz was out in football togs yesterday to help round the team into shape for the big games to come. It is clearly evident that it is fast developing into a permanent working machine toward which every effort has been directed since the season opened.

CARDINALS WILL ARRIVE TONIGHT

The members of the St. Louis Cardinals who are to take part in the game at League park Sunday afternoon will arrive on the Milwaukee this evening. Eddie Konetchy, the local lad who has carved out a place for himself in the majors with six other members of the Cardinals will be on the line up for Sunday. Following are the lineups of the two teams:

Cardinals—Huggins, 2b; Magee, 3b; Bliss, c; E. Konetchy, 1b; Evans, rf; Hauser, ss; Geyer, p; A. Konetchy, cf.

Locals—Klein, lf; Safford, cf; Childers, rf; Price, p; Wais, c; Minert, 1b; J. Kircheis, 2b; Bond, ss; Hackner, 3b.

Don Cameron who has been playing Class B baseball may be used at first in the place of Minert.

MIDDIES GET A NEW GRIDIRON

ANAPOLIS, Md., Oct. 18.—The new field at the south end of the naval academy, a half mile distant from the old grounds, is being used by the football squad for the first time this week. While well situated and convenient to Bancroft hall, the ground is hard and the coaches are a little afraid that it will be a handicap to the players, who are used to a soft turf gridiron. The seating facilities are greatly in excess of the old grounds. The football men are all expected to be in good shape for the Princeton game on Saturday. No special preparation will be made for Princeton, as the coaches fear that the team will reach its best points too soon, but every effort will be made to keep the players in the best physical shape.

BIG EIGHT MAKES NEW ONE YEAR RULE

CHICAGO, Oct. 18.—Representatives of the Western college athletic conference held a meeting yesterday at Lake Forest to take action on a number of points of importance to the organization.

Applications of other colleges for membership were considered, but no definite action was taken because the representatives want to place the present organization on a firmer basis before more members are admitted.

The question of the migration of students from one college to another was considered, and it was decided to adopt the one-year residence rule.

NEBRASKA ROOTERS WANT GOPHER MONEY

LINCOLN, Neb., Oct. 18.—More than 4,000 undergraduates and several thousand alumni of the University of Nebraska are expectantly awaiting the coming of next Saturday, when Nebraska will clash with Minnesota in the annual battle of these teams at Northrup field. At no time since Minnesota came to Lincoln in 1906, has there been the interest in a Cornhusker-Gopher game as is now evinced in the coming battle. The reason is that the local students feel their team is going to whip the pupils of Coach Williams. They are becoming confident and are betting money that Nebraska will triumph.

An electric flat iron with an automatic cut off so that the current is used only when the iron is in operation, has been patented by two Californians.

nightfall the Mack men may either have the series practically won or may be back upon even terms again—the situation again close and critical. But the rebuttal is now up to McGraw, who has been forced upon a defensive, and whose pitching choice today will be one of the most vital moves of his managerial existence. For he must call upon some one who can stop Frank Baker, or the rest of it will count for less than naught.

JOHNSON OUT OF WORK

LONDON, Eng., Oct. 18.—There isn't a chance now that Jack Johnson will meet Bombadier Billy Wells or any other white man in England or France. Wells settled most of the discussion himself the other day by affixing his signature for a battle in London with Gunner Moir, the big man who not so long ago walloped Wells into an insensible state in the ring, but still didn't get the championship belt because the contest was not decided in the National Sporting club's arena.

VET AGAINST PASS

PHILADELPHIA, Pa., Oct. 18.—Mike Murphy, the veteran football trainer, is convinced that the forward pass is poor football. "The point I make against the forward pass," says Murphy, "is that it is a violation of the elementary principles of football. It never was or will be anything but a haphazard play, and it disorganizes any team's defense."

DRISCOLL AFTER MORAN

LONDON, Oct. 18.—At last articles for the contest between Owen Moran and Jim Driscoll have been completed, and the famous boxers still contest for the featherweight championship of England. The last obstacle, a slight one, was raised by Moran respecting the bandages. As was anticipated, however, this was a matter easily settled, and the conditions of the articles now call for soft bandages to be used and to be affixed to the satisfaction of the referee. The important duties of that office will be undertaken by Eugene Corrie, and the contest will be decided in London on Saturday, Nov. 18, when the men are due in the ring at 5 p. m.

RICH MAN MURDERS WIFE

CLEVELAND, Ohio, Oct. 18.—George Hermie, 45, a well-to-do real estate man of Euclid, a suburb of Cleveland, today shot and killed his wife with a shotgun. Hermie has only one arm. After slaying his wife he held a crowd of more than 100 persons at bay while he took off

his shoes, turned the gun on himself and pulling the trigger with his toe, blew out his brains.

Makes New Men of Drink Victims

3 Days spent at the Neal Institute, Milwaukee will save Health, Reputation and Money

The man who drinks to excess little realizes the peril to his health, happiness and business. Relatives and business associates are the ones who comprehend the truth. The excessive drinker attributes the resistance to liquor to domestic, business or other worries. He thinks he can give up drink at any time. He fools himself only. Observing ones know that liquor has mastered him.

The "liquor appetite" is the result of alcoholic poison. This lurks in the system of every excessive drinker and can be eradicated only by medical treatment. Three days at the Neal Institute, Milwaukee, will destroy all appetite and craving for strong drink. It creates instead a positive aversion for the taste of

liquor. The man who is drinking away his health, happiness and financial resources will find that the Neal Three Day Treatment will make a new man of him and will be the best investment he can possibly make.

Neal Treatment consists of the administration of a perfectly harmless vegetable remedy taken internally, with positively no hypodermic injections.

Guests while taking treatment enjoy all the privacy and comforts of home, club or hotel. Names are never divulged and all correspondence is held in strictest confidence.

If you have a relative or friend who ought to rid himself of the drink habit, don't delay a day; write the Neal Institute, 444 Cass St., Milwaukee.
